# OBSTETRICIAN/GYNECOLOGIST OPPORTUNITIES

**KELOWNA** The Kelowna General Hospital OB/GYN department is looking to recruit for another awesome team member! The successful candidate will augment our team of 7 to provide 1:8 call coverage. We provide consultative obstetrical care to a busy and sometimes very acute obstetrical unit. KGH is a level 2B referral centre (with delivery of neonates 30 weeks and beyond), a vital link in the Perinatal Transfer Network, and offers a new perinatal unit. We have 5 delivery suites and 22 obstetrical beds, to support approximately 1700 deliveries annually. Our brand-new surgical tower has advanced laparoscopic equipment, as well as usual tools to meet the demands of a generalist OB/GYN surgeon.

**KAMLOOPS** The Royal Inland Hospital in Kamloops is seeking a 7th colleague to join our Kamloops Ob/Gyn group. Our team is collegial, well supported and of mixed seniority. We are able to practice to the full scope of our specialty; our nursery cares for babies 30 weeks and up. There are 1200-1400 births /year for which we act primarily in a consultative role. We are well supported by a local OB internal medicine service and the Diabetes Education Program. We average 3 surgical days/month each, in addition to outpatient ambulatory procedure time.

**CRANBROOK** In this regular part time position, you would have equal on call obligations without the regular clinic hours and overhead. You would have first option to cover any vacations, but not be obligated. If, during some vacations, clinic hours are involved, a regular rate is used to calculate overhead contribution. There is no regular elective surgery time in this position. Rural incentives apply to specialists /physicians in rural areas if they live and work in rural communities in BC and make a minimum income each month and provide service at least 9 months a year. Enquire for more details.
